

SBI General Insurance Company Ltd. (SBIGIC)

ATTENTION TALENTED ACTUARIAL STUDENTS AND FELLOWS

The State Bank of India (SBI) is India's largest and most recognised bank, with a very large customer base and wide distribution reach. SBI is in the process of entering the Indian non-life insurance sector and has entered into Joint Venture Agreement with Insurance Australia Group ("IAG"), an Australian Insurance company engaged exclusively in the general insurance business.

The Actuarial function will be integral to SBIGIC's strategy and as such we are looking for highly motivated and talented actuarial students/associates/fellows, mathematicians and statisticians to help establish and guide the operation.

The candidates upon selection will be working with dedicated insurance experts from Actuarial, Underwriting, Information Technology, Distribution and Reinsurance to develop a large range of products, rating structures, systems, processes and frameworks. The role offers a great opportunity to work with a team from IAG and for technical development through application of advanced analysis techniques not currently used in the Indian market. The scale of this insurance venture will provide you with significant opportunities to develop your career in whatever operational or technical direction you desire.

If you have the following capabilities and experience, then SBIGIC may be the place for you

- minimum 2 years non-life insurance experience
- Commercial product or Health product experience
- skills in data management and Business Intelligence
- core actuarial experience (pricing, reserving and capital)
- high level numeric, analytic and problem solving skills
- an ability to translate highly technical issues into understandable concepts through high level of oral & written communication
- desire for accountability for delivering expected results
- an open, honest and consultative working style with the ability to work in teams

If you believe that you have the skills, passion and dedication to join this high performance team, please forward your resume at recruitment@sbigeneral.in. **Please note to mark your forwarding mail with subject as "Actuarial"**
