10th Webinar on General Insurance

The Institute of Actuaries of India (IAI) is pleased to announce 10th Webinar on General Insurance hosted by the Advisory Group on General Insurance.

Date & Time: 16th October 2024, Wednesday; 3 pm – 5 pm

Mode: Online via Microsoft Teams Webinar

Topics:

1. Impact of IFRS17 on Financials of Global Companies
2. Introduction to Risk Adjustment under IFRS17 and popular methods used for its computation

Abstract:

As the adoption of IND-AS117 approaches, it is crucial to understand the global impact on financials by examining the financial statements of regions and companies already operating under IFRS17 standards. This first session will include a dedicated discussion on these effects.

One key area of impact on financials is the introduction of new considerations for general insurers, such as the calculation of Risk Adjustment in estimating liability cashflows. The second session will introduce the concept of Risk Adjustment for general insurers and present some popular actuarial methods for its calculation.
