

Certification Training Program

CARBON CREDITS & CARBON MARKETS

Climate Action • Carbon Credits • Carbon Markets • Risk & Finance

Jointly conducted By

Institute of Actuaries of India (IAI)

AND

Birla Institute of Management Technology (BIMTECH)

CARBON CREDITS & CARBON MARKETS

As nations and corporations accelerate their commitments towards net-zero targets, carbon markets have emerged as an important component of climate action.

Recognizing the growing importance of carbon markets and the need for professionals to develop an understanding of this evolving landscape, the **Institute of Actuaries of India (IAI)**, a statutory body established under the Actuaries Act, 2006, in collaboration with **Birla Institute of Management Technology (BIMTECH)**, is conducting an **Online Certification Training Programme on Carbon Credits & Carbon Markets**.

The programme will provide an overview of carbon markets and their relevance to climate action, finance, risk management, policy and business decision-making.

Programme Coverage

Climate Policy & Carbon Initiatives

- UNFCCC carbon initiatives
- Conference of the Parties (COP)
- Kyoto Protocol
- Paris Agreement
- Clean Development Mechanism (CDM)
- Joint Implementation (JI)
- Nature- and technology-based carbon credits

Carbon Markets

- Global carbon markets
- Carbon markets and carbon tax
- EU-ETS and emissions trading systems
- Comparative overview of the Indian carbon market
- Compliance and voluntary carbon markets

Carbon Market Instruments & Applications

- Perform, Achieve & Trade (PAT)
- Energy Saving Certificates (ESCs)
- CORSIA
- Carbon Futures
- Net-Zero calculations at the firm level
- Greenwashing and related case studies

The programme will include numerical exercises, case discussions, a quiz and an assessment.

INTENDED PARTICIPANTS

The programme is intended for:

- Actuaries and actuarial students
- Risk management professionals
- Finance and investment professionals
- ESG and sustainability professionals
- Policy professionals and specialists
- Corporate professionals
- Consultants and analysts
- Students interested in climate finance and sustainability
- Professionals seeking to develop knowledge of carbon markets
