22nd Asian Actuarial Conference
21-24 October 2019
Resorts World Sentosa, Singapore
[Express Interest in Presenting](#)

CALLING ALL THE CRA! CRAZY RESPONSIVE ACTUARIES, THAT IS.

Have you registered your interest in presenting at the AAC 2019 in Singapore?

Time is running out with only a couple of weeks to go. The theme of the conference is "Crazy Responsive Actuaries: Taking Action to Secure the Future", and we are interested in hearing from speakers from all different lines of business and areas of expertise.

The AAC is the largest actuarial conference in Asia. Past data, which is what most actuaries use to predict the future, suggests that more than 700 delegates would attend the conference. There is no better platform to make an impact. So what are you waiting for - express your interest before 17 June 2019.
