

ANNOUNCEMENT OF ONLINE COACHING CLASSES FOR CT LEVEL SUBJECT EXAMINATIONS OF SEPTEMBER 2018 DIET

The new curriculum of actuarial profession effective from year 2019 are in the making across geographies based on the International Actuarial Association (IAA) review committee's recommendations. The change in the curriculum envisages to enhance the skill and capacity of Actuary to become equipped to manage emerging risks and new challenges in the financial market.

In the new curriculum starting from March 2019 examinations, the 9 Core Technical (CT) subjects will be replaced with 7 Core Theory papers without compromising the total examination hours, adding 1.5 hour each computer based practical examination with 4 new subjects. The computer based examinations are based on R-statistical software and Excel modelling. Students targeting September 2018 examinations may be keen to understand the mapping of new and old subjects at least in the CT level, however, it's too early to make any concrete announcements at this stage. From the point of syllabus objectives of new subjects, we have identified the following connectivity. Regarding future exemptions, we have to wait for 2-3 more months to see the evolution completed

- Core Statistics 1 : Core parts of CT3 & CT6 and R-statistical package
- Core Statistics II : Core parts of CT4 & CT6, few contents from ST level and R
- Core Models I : Core parts of CT1, CT5 and CT4 left out parts in CSII and Excel
- Core Models II : Core parts of CT1, CT6, CT7 & CT8 and Excel
- Core Business I : CT2
- Core Business II : CT7
- Core Business III : CT9 & parts of CA1

As most of the CT level online coaching has been done multiple times in the past, recorded videos only will be offered this time, provided videos are in good quality. The online videos will be re-generated in case of any issues found in the existing videos. The support and guidance of respective faculty members by way of telephone and mails will continue.

Videos of the following subjects are offered as online support for students appearing for **September 2018** examinations. All videos will be accessible from the next working day of the office after registration.

1. CT1- Financial Mathematics
2. CT2- Finance and Financial Reporting
3. CT3- Probability and Mathematical Statistics
4. CT4- Models
5. CT5- General Insurance, Life and Other contingencies
6. CT6- Statistical methods
7. CT7- Business Economics
8. CT8- Financial Economics
