## **ANNOUNCEMENT OF ONLINE COACHING CLASSES FOR CS1, CM1, CS2, CM2, CB1 AND CB2 SUBJECTS IN THE FORTHCOMING EXAMINATION DIET**

What seems to us as bitter trials are often blessings in disguise- The quote is very much meaningful to all students who are planning and preparing for the next round of actuarial examinations in the midst of COVID 19 situation. The unlikely situation to conduct June 2020 examination as per the original schedule have created an advantageous situation in respect of extended time for preparation. For each candidate, this is a testing time as to how they convert a highly disadvantageous situation to their advantage and success. It is not material to keep the order as course material first, online coaching next; probably the online videos first, course material next could be a better option to many. Currently coaching offered for subjects CS1, CS2, CM1, CM2, CB1 and CB2 meant for forthcoming 2020 examinations. To extent support for R for actuarial examinations, we plan to conduct webinars some time later, probably in the month of July 2020, for which a separate notification would be issued in due course.

The online coaching program will be in the form of recorded videos, where all videos will be made available in the student's login page on the next working day of the office after enrolment. In addition, the support and guidance from respective faculty members by way of telephone and mails will also continue.

Number of sessions/ videos of each subject may range from 25 to 55, depending on the extent of new syllabus to be covered, with an average duration of session 90 minutes; means, subjects closely mapping to old syllabus, viz., CS1, CB1 and CB2 may have 25-39 videos, whereas other subjects may go up to 55 videos covering important concepts, practical scenarios, applications, examination model questions, examination tips and strategies.

The course fee for each of the subject shall be as under:
