

14th July, 2021

ANNOUNCEMENT OF CM1B EXCEL MODELLING SKILLS ONLINE COACHING PROGRAM

I. BACKGROUND

The new curriculum includes 2 hour Excel model based examinations, named CM1B. It's observed that, many students could not clear CM1 examination due to flaws in the part B paper, in spite of their skills in Excel. The self- study mode also appears to be ineffective to attain the adequate knowledge and expertise. There are many students who are weak in excel modeling as well. The online coaching program in Excel exclusively based on core concepts of subject CM1 can be a unique solution to them.

II. OBJECTIVE

The objective of the program is to introduce and practice excel modelling skills based on core concepts in subject CM1.

III. THE PLAN & SCHEDULE

The program will cover basics of excel modelling along with best ways to create excel models in relation to situations/scenarios based on core concepts in CM1 course material. There will be home assignments and practice tests along with a Mock test in the examination conditions.

Days and timings of each session will be communicated to all registered candidates in time to time. Weekends/holidays and late evenings/early mornings will be accommodated to the maximum possible extent. All sessions will be LIVE & Interactive in nature. **The program will start on Thursday, 22nd July, 2021; 7.00 AM-8.30 AM**

There will be 16 sessions; each session of 90 minutes duration as:
