ANNOUNCEMENT OF CP1 (ACTUARIAL PRACTICE) GUIDANCE AND SUPPORT PROGRAM

I. BACKGROUND

There are quite a good number of students who missed their Associateship, pending to clear CP1 (Actuarial Practice) examinations. There are few students who missed their Fellowship too. It has been observed that, there are repeated unsuccessful attempts made by most of them and still waiting for clearing CP1. The situation warrants a need for conducting series of Guidance and Support sessions by involving an expert faculty member for those who are in need.

II. OBJECTIVE

The objective of the program is to make overall improvement in the ways of preparation, formation of exam strategies and to engage in practicing by addressing common mistakes, flaws and gaps which together leads to a failure. In simple format, it's about to know and practice "What are do's and don'ts" for converting failure to success. This is not a teaching program covering the course material/syllabus, rather a program meant for candidates who have already covered the course multiple times and still struggling to pass due to the approach to the subject/exam.
