

5th Capacity Building Seminar on Introduction to R & Modelling Skills

The Advisory Group on GI has scheduled 5th Capacity Building Seminar on Introduction to R & Modelling Skills

Date: 8th August, 2014

Time: 08:30am to 05:00pm

Venue: Hotel Sea Princess, Juhu Beach, Mumbai 400049. Tel: 26469500, 26611111

A Brief on General Insurance Industry:

The Indian General Insurance (GI) Industry, which is regulated by the Insurance Regulatory and Development Authority (IRDA), currently comprises of 28 direct insurers (including 7 specialized players) and 1 reinsurer. After the opening of the Insurance Industry to private sector participation in year 2000 and entry of private participants, the industry has witnessed robust growth rates with CAGR of over 15%. In terms of product categories, the Indian GI space is dominated by 5 Lines of Business (LoB) viz. Motor, Health, Fire, Marine, and Engineering. These LoBs account for about 85% of total industry Gross Direct Premium Income (GDPI). Motor and Health have been demonstrating faster growth and currently account for about 65% of the gross premiums.

The Seminar would focus on the following topics:

The intent of the seminar is to build and further strengthen actuarial skill within the General Insurance domain and is likely to be attended by Appointed Actuaries and actuarial team-members of General Insurance companies and Consulting Firms. The focus will be to equip attendants with better implementation skills through hands-on training on modelling tools.
